WHAT MATHEWS SAYS.

Indiana and Illinois for Bryan and Ohio Doubtful.

The following press dispatch is sent out from Richmond, Virginia, and is full of consolation to the people, for if it is a correct forecast it means success to Bryan and free silver and prosperity for the whole country.

"Governor Mathews of Indiana has written the Richmond State as follows regarding the political situation in his state:

"In reply to yours of the 30th ultimo, which I have just read, I am glad to say that after quite an extended canvass of the state, I have no doubt of the result. Bryan will carry Indiana by a tremendous majority. Our people, especially in the country districts, are thoroughly aroused to the importance of the issue.

"My advice lead me to believe that Illinois will be for Bryan and Ohio may be put in the doubtful list. Well informed gentlemen from Kentucky feel satisfied that Kentucky will return to the old faith and be in the Democratic column again."

Such news as this coming from the well posted source from which it does, makes the pulse of the great laboring and producing world beat a little easier, and adds another spark to the fire of hope that is blazing in the hearts of the common people.

The Discovery Saved his Life.

Mr. G. O. Calloway, Druggist, Beaver ville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at the Tombstone Drug Store.

Bishop C. D. Foss, of Philadelphia is the presiding officer at the Methodist conference now in session at Phoenix.

The precinct delegates of the Democratic party will meet at the City Hall tonight for the purpose of nominating precinct officers and a mayor, four councilmen and a chief of police.

Mrs. J. H. Slaughter and daughter, Miss Ada, came in yesterday evening from Magdalena, Mexico, where they have been to witness the fiesta of San Francisco Javier, and left this morning for their home at San Bernardino. Mrs. Howell also returned.

Last August while working in the barvest field I became overheated, was suddenly attacked with cramps and was nearly dead. Mr. Cummings, the druggist, gave me a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy which completely relieved me. I now keep a bottle of the remedy handy. A. M. BURNELL, Centerville, Wash. For sale by Druggists.

C. W. Tyler, the Bisbee correspondent of the Prospector, came over today on business, and incidentally to look after his political fence. Mr. Tyler is the Republican nominee for county surveyor and from the present appearance of things it looks as if he might be able to pull through all right.

Tom Soria came in today from the east. He is looking fine and says he enjoyed his trip hugely, but is mad as a wet hen because of the report published in the Montgomery Press, a gold bug sheet published in Maryland. Tom says they misquoted him, and his feathers are all turned the wrong way over the matter.

Of all the offices to be filled at the coming election there are none brought with so much interest to the people the taxpayers as that of Supervisor. The parties have named good men on their tickets for these positions and selections can be made this time without fear of making any mistake.

George Rich and George Hill were hunting Sunday near the Grand Canyon, says the Flagstaff Democrat, and a serious accident befell Mr. Hill. A deer had been spotted and a shot taken at it. Hill went around through the stunted pines to see if the deer had been killed. When quite a distance from Mr. Rich he disappeared from view for a moment and on reappeared again Rich took him for the deer, and taking aim fired to shoot at the supposed animal. The first shot whizzed harmlessly by Hill's head and he followed out to Rich in alarm, but was unheard. The second shot caught him in the left side, entering just below the armpit, a few inches from the heart, and coming out under the left shoulder blade, inflicting an ugly and painful wound.

THE POPS NOMINATE

A City and Precinct Ticket Put in the Field.

The delegates of the People's party for Tombstone precinct, met last night for the purpose of nominating a city and precinct ticket, and the following named gentlemen were chosen:

CITY TICKET.

For Mayor, C. S. Bachelor.

Councilman, First Ward, J. F. Duncan.

Second Ward, no nomination made.

Third Ward, Joseph Lippert.

Fourth Ward, A. Garrett.

For Chief of Police, A. J. Bissett.

PRECINCT TICKET.

For Justices of the Peace, J. A. Koska and J. F. Duncan.

For Constable A. J. Bissett.

Two Lives Saved.

Mrs. Phoebe Thomas of Junction City Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery cured her, and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which there are samples that prove the wonderful efficacy of the medicine in coughs and colds. Free trial bottles at Tombstone and Bisbee drug stores. Regular size 50c and \$1.00.

FEAR THE YAQUIS.

United States Troops on the Border to Prevent a Raid.

At the request of General Torres of Mexico, the United States is making a military display on the frontier during the fiesta of San Francisco at Magdalena, Mexico, which is being held there. The Mexican population is very anxious as the movements of the Yaquis are suspicious. One troop of the First cavalry under Captain Bonnes of Ft. Huachuca has gone to Arava. Another troop is camped at Calabasas, twelve miles north of Nogales. A great number of Yaquis have gathered at Magdalena to participate in the festivities. It is reported that the number of them present this year is greater than ever before. The hostility of some of the bands recently makes it seem probable that another raid on the towns in northern Sonora may be attempted.

FOR OVER FIFTY YEARS.

An old, well-tried remedy. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

There seems to have been a fatality attached to that east bound train the bandits attempted to rob last Friday night near Rio Puerco, at which Cole Young was killed. When near Oage Kansas, the boiler of the locomotive exploded, killing seven people, the engineer and fireman being among the number.

A telegram from Butte, Montana, says that W. A. Clark of that place, and who is the owner of the United Verde mines at Jerome, is about to erect an extensive sugar plant at Anaheim, California. It will be one of the largest of the kind in the world and will cost more than \$400,000. It will grind tons of beets daily, making 15,000 tons of sugar in the four months of the season. He is also considering the erection of a sugar factory in Montana.

The Colorado river has been on a boom the last week. Captain Polhemus who has been on the river for forty years, says the river has never been so high in the month of September. On the morning of the 27th of September the water gauge read eighteen feet and five inches; the 28th nineteen feet six inches; the 29th, twenty-three feet two inches; the 30th, twenty-four feet six inches; making a rise of six feet and one inch. The cause was unusually heavy rains in Wyoming and Colorado. It rained there for forty hours doing great damage to railroads and other property.—Republican.

A DESPERATE RIDE.

Finish of Twenty-Four Hours Was Pitiful in its Misery.

A cycle race for twenty-four hours, the first of its kind in America, was held in Chicago last week. The finish was made Saturday night and amid the plaudits of 10,000 people Louis Gimm was the winner. He got \$500 in cash and an American record, aside from the glory which his feat will give him among racing enthusiasts. But here is the story Gimm paid for the insignificant honors: Gimm's finish was one of the most pitiful sights that was ever beheld on a race track, says a Chicago paper. The man seemed a physical wreck, his mind even not being clear. He was too weary to observe anything; his eyes were glassy and his form limp. He could not sit straight in the saddle. In vain did the crowd call to him to bear up. The entreaties of the judges to ride erect were directed to deaf ears. In fact and figure he looked corpse-like, and were it not for the mechanical movements of his limbs, there was not a spectator in the vast crowd who would have pronounced him alive. Finally his slow ride ended. And not too soon as he fell almost fainting into the arms of his trainer near the tents. People have varied ideas of the effects of such a terrific strain on a man's constitution. One man who sat near the judges' stand said that ten years has been taken from Gimm he rested only thirty-five minutes during the entire twenty-four hours.

Mrs. S. A. Kell, of Pomona, Cal., had the bad luck to sprain her ankle. "I tried several liniments," she says, "but was not cured until I used Chamberlain's Pain Balm. That remedy cured me and I take pleasure recommending it and testifying to its efficacy." This medicine is also of great value for rheumatism, lame back, pains, in the chest, pleurisy and all deep-seated and muscular pains. For sale by Druggists.

Card of Thanks.

To the good people of Benson and vicinity: We desire to thank you, one and all, for the kind assistance and sympathy rendered in our late terrible bereavement.

W. M. ZEEK, O. F. ASHBURN.

From the Los Angeles Herald, under the head of marriage licenses granted we find the following:

Ed Tarbell, a native of New York, aged 21 years, and a resident of Santa Ana, and Nellie Clark, a native of Texas, aged 18 years, and a resident of Tombstone, Arizona. Both the contracting parties are well and favorably known in Tombstone, and the Prospector joins their many friends here in wishing them a happy and prosperous journey through life.

"Senator Quay has quit in disgust" is the announcement made by the New York World. He has withdrawn from the campaign and gone home to Pennsylvania, ostensibly because he can't "get along" peaceably with "cousin" William McKinley Osborne, but those who know Mr. Quay know that he never quite on account of any such reason as that. He has the faculty of "getting along" with anybody as long as there is a fair prospect of success but there is no one in the United States who can find a good reason for getting out of a losing game quicker than Mr. Quay. The fact that he has "quit in disgust" and gone home shows that he thinks there is no longer any hope for the McKinley cause—and there are but few persons in this country who can size up the political situation more accurately than Mr. Quay.—Albuquerque Democrat.
